

Exploring Hindi

introduces your child to the basic vocabulary and rich sounds of Hindi through playful children, vibrant everyday objects, colors and numbers, set to the beautiful music of Mozart.

Make learning fun

Children learn best while having fun. Your child will laugh, dance and want to watch it again and again while building a foundation for language development.

Preserve your culture

Language is a living reminder of one's heritage. Help your child preserve the richness of your culture by giving him the priceless gift of speaking and understanding Hindi.

Start Early, Start Now

Your baby is born with the ability to learn many languages and the first five years are crucial for language development. Start early and bring out the best in your child.
